

Britta Karlsson Educational Webinar Series

IFBLS is pleased to announce the first event of the
inaugural series of virtual webinars:

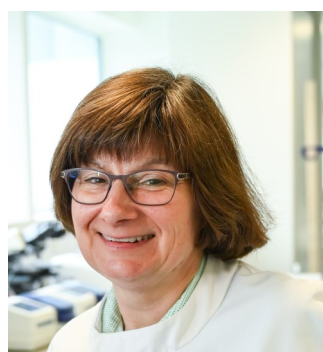

Lessons Learned from the Pandemic

Friday, 21 January 2022 at 12:00 noon - 1:30 GMT

Our first speaker will discuss the primary methods used to identify SARS-CoV-2. Followed by a panel who will share their lessons learned as a result of providing laboratory services during this pandemic.

This is a great opportunity to learn from our international colleagues and apply their information to your own practice. Certificates of attendance will be sent to participants after the webinar.
